Investment Policy Statement | June 1, 2023

INVESTMENT OBJECTIVE

The FGP Global Smaller Companies strategy (the "Fund") aims to generate an attractive total investment return through long-term capital growth as well as dividend and other income. To achieve this, the Fund will invest primarily in a diversified mix of global equity securities in the small and mid capitalization space.

PERFORMANCE OBJECTIVE

The Fund's objective is to exceed the return of its Performance Benchmark over five-year periods.

PERMISSIBLE INVESTMENTS

Eligible equity investments include publicly-listed common and preferred shares, debentures convertible into common or preferred shares, installment receipts, American Depositary Receipts, Global Depositary Receipts and exchange-traded index participation units.

Eligible cash and money market investments include cash and demand deposits, short term debt securities of Canadian government(s) and corporate issuers including treasury bills issued by the Federal, Provincial or Territorial governments or any of their agencies; bankers' acceptances, term deposits, commercial paper, the FGP Money Market Fund, and any other evidences of indebtedness with terms to maturity of less than one year.

The Fund may use derivatives, such as currency forwards as permitted by Canadian securities laws, to hedge against potential currency fluctuations.

The Fund may invest in units of other FGP Funds from time to time. The Fund may invest all of its assets in units of other FGP Funds. In selecting in which (if any) other Funds the Fund may invest, FGP's portfolio managers consider whether the underlying Fund will contribute to accomplishing the Fund's investment objectives including managing diversification, liquidity or other investment risks. Investors in the Fund are entitled, on request, to receive a copy of the Offering Memorandum and the annual and interim financial statements of the underlying Fund(s) from FGP at no charge. If a conflict exists between this policy statement and a policy statement of an underlying Fund, the policy statement of the underlying Fund shall prevail.

Diversification and Risk Control Guidelines

The Fund has established guidelines to ensure the investments of the Fund are diversified. The assets of the Fund are invested in a prudent fashion, with securities selected for their overall contribution to the investment objective of the Fund.

Security Level Guidelines: The Fund typically holds 35 to 65 equity securities (excludes indirect investments), and the individual weight for each equity investment will vary based on FGP's assessment of quality and valuation. No more than 10% of the market value of the Fund may be invested in a single issuer. The minimum credit quality for any short-term money market investments is 'R1' or 'A'.
